Re: US v. Rodney Person  
09 Cr. 983 (WHP)

Dear Judge Pauley:

I am counsel for Rodney Person, and I respectfully request that the violation of supervised release (VOSR) hearing, currently scheduled for April 6, 2021, be adjourned for ninety days.

Mr. Person was arraigned on the specifications by the Hon. Deborah A. Batts, and the matter was adjourned pending the outcome of Mr. Person's Westchester County indictment, # 1079-2019, on which the seven specifications are based.

Fred Bittlingmaier, Mr. Person's attorney for the Westchester County indictment, informs me that he and Mr. Person appeared virtually in Westchester County Court before Judge Barry Warhit, the administrative judge. He informs me that the case was adjourned to June 10 for an in-person conference, presumably to set a date for suppression hearings and trial. Judge Warhit told the parties that, in all likelihood, a September date is anticipated.

AUSA Michael Maimin informs me that he takes no position with respect to adjourning this VOSR hearing.

Sincerely,

/s/

Donald J. Yannella, Esq.
